Notes:

Names are listed in the order they were drafted on Jan. 2, 2005.

The number in parentheses is the number of points the player will receive if the person dies on or after his or her birthday in 2005. This number the persons age subtracted from 100. For example, Dick Clark turns 76 in 2004. If he dies on or after his birthday, Corey receives 24 points (100-76 = 24). If he were to die before his birthday, he would be only 75 at his death and Corey would receive an extra point (100-75 = 25).

*Max Schmeling turns 100 in 2005. If he dies before September 28th (his birthday), Joel would receive 1 point (he did!)
